A PLAYCORE Company

WHERE GRIT FINDS PURPOSE

OVERDRIVE TFE

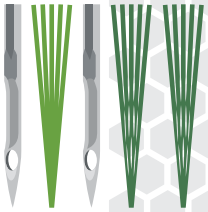

TRIPLE FIBER EXTREME

100% AMERICAN MADE

SHIFT YOUR FIELD INTO OVERDRIVE.

MORE PLAY. LESS MAINTENANCE.

Every child in your community deserves a place to play. What if you could get 3–4 times the usable playing capacity from the land you already have? Introducing OverDrive TFE, Sprinturf's newest synthetic turf system built specifically for parks with packed schedules. A nationwide leader in athletic fields, Sprinturf puts its expertise to work for your community.

Get more kids off the sidelines and into the game with an all-weather surface built for year-round play, without downtime for grass recovery. OverDrive TFE's dense, resilient triple fiber construction withstands back-to-back practices, evening leagues, and weekend tournaments, providing consistent footing without the bare patches and ruts of heavily used natural grass.

Eliminate mowing and routine pesticide or fertilizer applications, reducing maintenance demands and added chemicals in the environment. SprintCare maintenance credits put field care in Sprinturf's hands, freeing park crews to focus on other priorities.

With U.S. manufacturing, ISO 9001-certified production, and a 99.7% on-time delivery record, Sprinturf delivers accountability from pellet to play and ongoing support throughout the life of your field.

CRADLE TO CRADLE CERTIFIED®

full scope
CERTIFIED
cradle to cradle
bronze version 5.0

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Beyond proven field performance, Sprinturf's products are C2C Certified® Full Scope at the Bronze level according to Version 5.0. This independent evaluation across five sustainability performance categories gives owners and specifiers confidence in choosing a product designed to have a positive impact on people and the environment.

ALTERNATE ROWS / SINGLE NEEDLE

FIBER SPECIFICATIONS	
Fiber A	**Apex® Monofilament**
Denier	12,000
Thickness	380 Microns
Color	Lime Green
Fiber B	**Fibrillated Long Slit**
Denier	8,000
Thickness	120 Microns
Color	Field Green
Fiber C	**Fibrillated Long Slit**
Denier	5,500
Thickness	120 Microns
Color	Field Green

SYSTEM SPECIFICATIONS	
Pile Height	1.25 inches
Face Weight	65 oz/yd^2
Primary Backing	Non-Woven/Woven/Woven
Primary Backing Weight	8 oz/yd^2
Secondary Backing	Polyurethane
Secondary Backing Weight	24 oz/yd^2
Total Weight (without infill)	97 oz/yd^2
Tufting Gauge	3/8 inch
Tuft Bind	>12 lbs force
Permeability	>40 inches/hour
Infill Options	Per Specifications
G Max Warranty	Per Specifications

The information provided above represents the standard characteristics for the named product. If required this product can be manufactured to meet alternative specification requirements within our manufacturing tolerances. The above referenced data and supporting reports apply only to the sample tested and are not necessarily indicative of the qualities of apparently identical or similar products.

Firefly Sports Testing CERTIFIED TO EN 71-3

WHY SPRINTURF

SPRINTURF
A PLAYCORE Company

Superior performance that stands the test of time

- Exceptional durability and longevity through time-tested polyethylene resin technology, including octene-based (C8) formulations proven to withstand demanding use and retain fiber resilience over years of play.
- Zero fiber failures since 2010
- More than 4,000 field installations nationwide

Sole source accountability

- One connected process from pellet to play
- 8-year manufacturer's warranty
- Independent third-party warranty insurance

Clean materials. Uncompromising proof.

- Third-party-certified materials rigorously tested for PFAS, PAHs, and heavy metals
- Leading the industry in material transparency to provide our customers with defensible documentation and confidence

PROPELLING COMMUNITIES FORWARD

Industry-Leading Cost Per Playable Hour

- Fiber extrusion, tufting, and coating in Sprinturf-owned U.S. facilities.
- Superior cost control due to manufacturer-direct model.
- ISO 9001-certified processes for consistent, repeatable quality.

Opening Day Delivered

- 99.7% on-time delivery record.
- Consistent, reliable installation with 90% of fields installed by Sprinturf's manufacturer-trained, in-house crews.
- Dedicated pre-construction team keeps your project on time and on point.

Experience the Sprinturf Difference

- Visit a nearby Sprinturf field to see the quality and performance firsthand.
- Tour our manufacturing facilities for an inside look at our superior process.
- View documented product certifications and laboratory reports.
